HISTORY

At the Memphis Annual Conference, held at McKenzie, Tennessee, in November, 1921, it was decided that there should be established at Jackson, Tennessee, a co-educational institution of standard college grade to be known as Lambuth College. Since 1843 the Memphis Conference had maintained an interest in the Memphis Conference Female Institute at Jackson, (established by the Presbyterians in 1837) and from 1911 to 1920 had owned the Institute outright. The institution was closed in 1920, the property was sold, a new site purchased, and the present Administration Building was erected in 1922. By an amendment to the old charter of 1843 the name was changed to Lambuth College.

On September 10, 1924 the College opened its first session, offering the first two years of college work. In 1925 the junior year was added, and in 1926 the senior year. At the annual meeting of the Tennessee College Association, held in April, 1927, Lambuth was admitted to membership in this organization as a standard college.

While lack of endowment keeps the College out of the Southern Association of Colleges and Secondary Schools, Lambuth has had recognition from a number of important institutions in the South and Southwest. Since the opening of the College in 1924 the work of its students has been accepted by twenty-two colleges and universities in thirteen states.

Lambuth College has been given full certification privileges by the State Board of Education of Tennessee, and several other states recognize the College as a teacher training institution.

AIMS

The general aim of Lambuth College is, to use the words of the late Ernest DeWitt Burton, "to develop . . . personalities capable of full participation in life and of significant contribution to life."

More specifically, Lambuth College aims:

To enable its students to understand and appreciate more fully the physical universe in which they live and to relate themselves properly to it;

To give them an appreciation of the contributions of the past to the present and to put them into possession of some of the cultural and spiritual heritage of the race;

To give them a sense of social responsibility and to enable them to identify their good with that of the social organism;

To enlarge their conception of God and of religion, and to make them more intelligent, useful and devoted Christians.

An immediate aim of the college is to provide for the Memphis Conference a group of ministerial and lay workers who are equipped intellectually, socially, and religiously for leadership in the work of our church.

LOCATION

Geographically Lambuth College has an ideal situation. Jackson, a city of about 25,000 people, is in the heart of the Memphis Conference territory. It is reached by five railroads and by several good highways, which touch almost every part of the Conference. It is a city of churches, schools and numerous wide-awake civic organizations. Jackson is accessible to hundreds of prospective college students, many of whom attend Lambuth College from home by train, bus, or private conveyance.

BUILDINGS

The Administration Building is a handsome, three-story structure with a basement at one end, costing about \$130,000. It contains offices, class rooms, laboratories, the library, and the chapel. Until a girls' dormitory can be built the third floor will be used to house young women students, and part of the first floor as a dining room.

Epworth Hall, the dormitory for men, was erected by the Epworth Leagues of the Memphis Conference. It occupies a beautiful site facing Lambuth Boulevard, just south of the main campus. This dormitory is a modern fireproof building containing fifty bed rooms.

CAMPUS

The campus, consisting of twenty-five acres, lies on the west side of Lambuth Boulevard in the northwest part of the city. It is one of the most beautiful spots in Jackson. Space is provided for tennis courts, football and baseball fields, and a golf course.

EQUIPMENT

The entire equipment of the college is modern and of high grade. Steel furniture is used in both dormitories. In every department of the college the equipment has been chosen not only for durability, but for attractiveness of appearance.

EXPENSES

The College authorities encourage the students to practice economy in their personal expenditures, and seek the co-operation of parents to this end. Every effort is made to keep the cost of a college education within the reach of every worthy and capable young man and woman.

TUITION

The tuition for the session is \$120.00. This is payable in installments of \$20.00 each on the following dates: September 21, November 4, January 3, February 8, March 22, April 29. Payment of tuition enables the student to take any of the regular courses offered by the college. Students taking courses in the Department of Music or in the Department of Speech pay the tuition rates listed by these special departments. Laboratory fees are additional for students taking science courses. These are listed below.

Full tuition is charged students carrying a load of more than twelve quarter hours. Charges for a student carrying twelve hours or less are computed on the basis of \$3.50 per quarter hour for the first three hours and \$3.00 per hour for each additional quarter hour. All part time students, however, are required to pay the maintenance fee. Laboratory fees in science courses are also additional.

Tuition payments of part time students are due on the dates named above for the payment of tuition by regular students.

Children of active ministers and ministerial students pay only one-half the regular tuition, \$10.00 on each tuition paying date, or \$60.00 for the session. No further reduction is made such students unless they carry a load of six hours or less. In this case they pay the same rates as other part time students.

Ministerial students and other students looking to full time religious service are required to sign notes for one-half the regular tuition. For each year of regular ministerial or other full time religious work engaged in by such a student after leaving college, notes amounting to \$60.00 will be cancelled. Unless such student enters regular work within two years after the completion of his scholastic preparation, his note will remain in force.

MAINTENANCE FEE

A maintenance fee of \$5.00 a quarter, or \$15.00 for the session, is required of every student who enrolls in the college. This is payable at the beginning of each quarter. It includes the usual fees for matriculation, library, and physical education. The payment of this fee entitles the student to witness, without extra charge, all athletic contests participated in by the Lambuth teams on the home field; to participate in the physical education program; to use the library; to attend such musical programs as the college may arrange for the benefit of the students; to take the course in Music Appreciation including membership in the Glee Club; and to secure a copy of the Lantern.

LABORATORY FEES

The following laboratory fees are charged students who take science courses:

BOARD AND ROOM

Board in the dormitory costs \$171.00 for the session.

The College reserves the right to change the price of board at the beginning of any six weeks' period provided fluctuations in the price of foodstuff make this necessary.

Room in the dormitory costs \$45.00 for the session. A student desiring to room alone pays an extra charge of \$2.00 a month. Rooms in the girls' dormitory are provided with furniture, mattresses, rugs, heat, light, hot and cold water. Rooms in the boys' dormitory are furnished with furniture, mattresses, light and heat. Each student is required to bring with him a supply of bed linen, covers, towels, pillows, etc. Students and organizations having radios in their rooms will be charged at the rate of fifty cents a month. Permission to use electric irons and other electrical equipment in the rooms must be secured from the dormitory management and these devices must be listed in the business office. Fees will be charged for their use.

Board and room rent are payable in six installments of \$36.00 each on the following dates: September 21, November 4, January 3, February 8, March 22, April 29. A regular installment of board and room rent must be paid before the student is admitted to the dormitory.

REGULATIONS REGARDING PAYMENTS

Tuition and fees must be paid or arranged for before the student is admitted to classes. After registration has been completed no refund will be made unless the student is disqualified by severe illness for as much as half of the six weeks' term. In such cases one-half his tuition for that term is refunded.

All bills for tuition, board and fees of all kinds must be paid in full or provided for in a manner satisfactory to the administration before the student may receive college credit.

Students will not be permitted to become seriously delinquent in the payment of their bills. The college cannot afford to offer rates as low as those listed above unless students keep their accounts paid on time.

An interest charge of six per cent per annum will be made when payments are delayed more than thirty days, interest being computed from the time the payment was due till the date on which it is paid.

INCIDENTALS

The early training and habits of people vary so much that it is impossible to estimate the incidental expenses of a student for a session. Many of our students must pay part of their expenses by working and necessity requires that they practice strict economy. All others are urged to do so.

SUMMARY OF EXPENSES

| | Six Weeks | Quarter | Session |
|-----------------------|-----------|----------|----------|
| Tuition | \$20.00 | \$ 40.00 | \$120.00 |
| Maintenance fee | 2.50 | 5.00 | 15.00 |
| Room | 7.50 | 15.00 | 45.00 |
| Board | 28.50 | 57.00 | 171.00 |
| <hr/> | <hr/> | <hr/> | <hr/> |
| Total | \$58.50 | \$117.00 | \$351.00 |

These figures do not include books and laboratory fees.

SELF-HELP

The College offers to a limited number of students the opportunity to pay part of their expenses by performing certain tasks connected with the maintenance of the institution, such as waiting tables, washing dishes, house cleaning, assisting in the library, or in the laboratories. The College has many more applications for employment than it can fill. It is possible for a few students to find places in the city where they can work for room or board. In assigning students to jobs the College takes into account the need of the student for help, his past record for faithfulness, and his fitness for the task.

Money earned in this way must be applied on the student's obligations to the college.

STUDENT LOAN FUNDS

McCutcheon-Robinson Loan Fund. The honor of establishing the first student loan fund belongs to Mrs. Drusilla McCutcheon and Rev. E. L. Robinson, staunch friends of the College. This fund was established for the purpose of aiding worthy students in securing their college training.

Jackson First Church W. M. S. Loan Fund. In 1931 the Woman's Missionary Society of the First Methodist Church, Jackson, Tennessee, gave \$500.00 toward establishing a loan fund for worthy students. Preference is given to young lady students in granting loans from this fund.

Lillian Howard Murphy Sunday School Class Loan Fund. This loan fund of \$120.00 was provided by a class of young women of the First Methodist Church, Jackson, taught by Mrs. Lillian Howard Murphy. It was used in 1933-34 to pay the tuition of a worthy young lady student.

W. P. Prichard Loan Fund. Rev. W. P. Prichard of Murray, Kentucky has established a loan fund amounting to \$1,000.00 for worthy students.

Chi Omega Loan Fund. A loan fund of \$40.00 was given by the Chi Omega Alumnae Chapter of Jackson in 1936. A senior girl recommended by a committee of the faculty will be the beneficiary. As often as the loan is returned the committee will select a new beneficiary.

SCHOLARSHIPS

No student may be eligible for more than one unendowed scholarship in any given year.

Adine M. Taylor Scholarship. This scholarship was established in 1930 by the late Mrs. Adine M. Taylor of Paducah, Kentucky, who bequeathed to the college \$3,000.00. The interest on this amount is used to support the scholarship.

Eliza Bowe Curtsinger Scholarship. This scholarship was established in 1935 by Mrs. Eliza Bowe Curtsinger of Bardwell, Kentucky. It amounts to \$60.00 a year, the interest on \$1,000.00 at the rate of 6 per cent. The beneficiary of this scholarship is nominated by Mrs. Curtsinger. When she has no one to suggest, the college selects the beneficiary.

Scholarships to Honor Students. The college regularly offers to the valedictorian of each standard high school within its territory a scholarship of \$60.00, for one year only. To the salutatorian of each graduating class it offers a scholarship worth \$40.00, for one year only. A certified statement from

the principal of the high school must be presented by the applicant for one of these scholarships. These are offered by the college for the purpose of insuring a larger number of students of promise in its freshman class.

Scholarships to Ministerial Students. See page 11.

Scholarships to Children of Ministers. See page 11.

AWARDS

Omega Upsilon Lambda Award. Each year the Omega Upsilon Lambda Sorority awards a silver loving cup to the student who has rendered the largest service to the college during his connection with it. Character and ideals, scholarship, participation in student activities, leadership qualities, co-operativeness and general usefulness are considered. The recipient of this loving cup is selected by the faculty.

Since 1928 such a choice has been made by the faculty each year. The loving cup will take the place of the medal formerly offered by Mr. C. K. Wilkerson, and later by the faculty.

Below are the names of those who have been chosen for this honor since 1928.

REQUIREMENTS FOR ADMISSION

For admission to the freshman class the College requires that a student offer by certificate from an accredited high school fifteen units, or that he pass satisfactorily an examination on the courses required for admission. An entrance unit is the measure of the work required for completion of one high school subject taken five times each week, in recitation periods of forty-five minutes throughout a session of thirty-

six weeks. For the average high school student four units make a year's work. Such a student should be able in four years to complete the entrance requirements of Lambuth.

Of the fifteen units required for entrance four are prescribed and eleven are elective, as shown in the table below:

P R E S C R I B E D U N I T S , 4

| | |
|---------------|---------|
| English | 3 units |
| History | 1 unit |

E L E C T I V E U N I T S , 11

| | |
|--------------------------|------------------|
| English | 1 unit |
| Latin | 2, 3, or 4 units |
| Greek | 1, 2, or 3 units |
| French | 2 or 3 units |
| Spanish | 2 or 3 units |
| German | 2 or 3 units |
| Algebra | 1½ or 2 units |
| Plane Geometry | 1 unit |
| Solid Geometry | ½ unit |
| Plane Trigonometry | ½ unit |
| Higher Arithmetic | ½ unit |
| General Science | 1 unit |
| Chemistry | 1 unit |
| Physics | 1 unit |
| Biology | 1 unit |
| Physiography | 1 unit |
| Physiology | 1 unit |
| History | 1, 2, or 3 units |
| Civics | 1 unit |
| Music | 1 or 2 units |
| Speech | 1 unit |

Vocational Subjects: (Agriculture, Drawing, Home

Economics, Shopwork, Commercial Subjects)

not more than a total of 3 units

Persons twenty-one years of age and over who cannot offer the required number of units for admission may register as special students for such courses as they may be able to carry. All entrance requirements must be fully met, however, before special students can become candidates for graduation.

Immediately after registration each student will be required to take an intelligence test.

A student who seeks to enter on certificate from an accredited high school should send for accrediting blank, have it filled out by the principal or superintendent, and forward it at once to the Registrar's office, so that it may be examined and the amount of credit determined before the session begins.

REGULATIONS RELATING TO STUDENTS FRESHMAN ORIENTATION

The College regularly arranges and carries out a program of orientation for first year students. This program will begin on Monday evening, September 21, two days before regular college work starts, and all first year students will be expected to be present. The purpose of this orientation plan is to enable the new students to begin their work in the College under the most favorable conditions. Under the guidance of the faculty and a few old students, an intensive program of personnel cultivation will be carried out, acquainting the new students with each other, with the faculty, and with the organization of the College. The program will be concluded with the registration and classification of these new students before the formal opening of the College.

STATEMENT OF HIGH SCHOOL WORK

A properly certified statement of the student's high school work should be sent to the College before the fall opening, and must be in the hands of the Registrar not later than the end of the first quarter. The final enrollment of a student is deferred until such a statement has been sent in by the proper preparatory or high school authorities and evaluated by the Registrar of the College.

REGISTRATION

The days set aside for regular registration are indicated in the college calendar at the beginning of the catalogue.

Within the first three school days following registration he may make desired changes in his schedule, but for each change made on his own motion after this the student is charged a fee of one dollar.

CLASSIFICATION OF STUDENTS

The student may be regularly classified after his secondary school record has been accepted.

Normal progress in the College requires that a student carry 48 quarter hours each year and earn an equal number of quality credits. For convenience in administration all regular students are classified early in the fall quarter according to the following standards:

FRESHMEN: Those who have completed fewer than 42 quarter hours.

SOPHOMORES: Those who have completed 42 quarter hours.

JUNIORS: Those who have completed 96 quarter hours, with 96 quality credits.

SENIORS: Those who have completed 138 quarter hours, with 138 quality credits.

REQUIREMENTS FOR FRESHMEN AND SOPHOMORES

For freshmen and sophomores the following courses are prescribed: Social Science A, Religion A, Biological Science A, Physical Science A, and English 1. All freshmen will take English and in addition two or more of the above courses. Normally a freshman would take Social Science A or Religion A, and Biological Science A or Physical Science A. In the sophomore year he will then take all the above courses not taken the freshman year. The student will complete his course each year with electives.

ADMISSION TO ADVANCED STANDING

To secure advanced standing in the College the student must present an official certificate showing that he has completed sufficient work in some recognized college or university. He must also present the usual certificate showing that he has completed our entrance requirements. If he cannot show a sufficient number of high school units, part of his advanced work will be counted toward making up the deficiency.

REQUIREMENTS FOR GRADUATION

Lambuth College confers only the degree of Bachelor of Arts. Sixty-four session hours, or 192 quarter hours and an equal number of quality points, are required for graduation. The former requirement of eighteen hours in Physical Education has been temporarily suspended.

Students transferring from other institutions are required to spend at least three quarters in residence and do at least forty-five hours of work in Lambuth before they can receive their degrees.

All candidates for graduation are required to pass a comprehensive examination on their major and minor subjects.

MINIMUM REQUIREMENTS BY DEPARTMENTS

Eighteen hours' work must be completed in English, nine in Composition and nine in Literature; twelve in Religion; nine in History; eighteen in Science (in addition to Biology A, and Physical Science A), at least eight hours in each of two of the following: Biology, Chemistry, Physics, Mathematics; nine in Foreign Language, if taken in same lan-

guage offered for entrance and eighteen if taken in a language not offered for entrance; six hours in Elementary Psychology and six in Sociology.

MAJOR AND MINOR REQUIREMENTS

In the major subject the student is required to complete a sequence of thirty-six hours; in a minor subject, twenty-four hours. Forty per cent of this work must be on senior college level. Major and minor subjects must be chosen not later than the beginning of the junior year.

A major may be taken in Biology, Business Administration, Chemistry, English, History, Home Economics, Mathematics, French, Religion, or Social Science.

A minor may be taken in either of the above, or in Latin.

GRADING AND REPORTS

The following passing grades are given: A, excellent; B, good; C, average; D, poor. F indicates a failure; I, incomplete work. These symbols are used only in the official records and are not given to students and parents. A report of the standing of each student is made to the parent or guardian each quarter, and a duplicate of this report is furnished the student. In all reports of grades made to students and their parents only three symbols are employed: P for passing, F for failure, and I for incomplete work. A student making I or F will be given the following quarter to remove the condition. Instructors turning in to the Registrar's office a grade of I must file with the report of the grade a written statement of the work required to remove the condition.

QUALITY CREDITS

A student must earn 192 quality credits before a degree will be conferred. For a course carried throughout a quarter with a grade of A, three (3) quality credits per quarter hour will be awarded; for a grade of B, two (2) quality points; for a grade of C, one (1) quality point.

MAXIMUM AND MINIMUM NUMBER OF HOURS

Sixteen hours per quarter constitute a normal amount of work for a student. The amount of work a student may carry in excess of sixteen hours depends on the quality of work he does and the number of extra-curricular activities in which he engages. The authority to enroll a student for more or less than a normal load is vested in the Dean.

ABSENCE

If a student is absent from more than one-sixth of the meetings of any course, he will be dropped from the course. If he is failing the course at the time he is dropped, the grade for that course will be recorded as an F. If a student's absentee is from all courses, and unavoidable, he may be permitted to re-enter certain of these courses on the approval of the Dean.

Freshmen and sophomores must attend all classes unless excused by the Dean.

If a student is tardy three times in one class, one absence will be charged against him.

PROBATION

Any student passing less than twelve hours of work in any quarter, or any student not passing all his work if taking less than twelve hours, will be placed on probation for one quarter.

Should he fail to pass the required amount of work during this quarter, his case will be considered by the advisory committee, and he may be asked to withdraw.

PARTICIPATION IN STUDENT ACTIVITIES

Students will be checked on grades at the end of each six weeks' term. Neither probation students nor regular students passing less than twelve hours may represent the college in any public activity, such as glee club and dramatic club performance, debating or athletic contests. Part time students are eligible to represent the college in such activities if they are passing all their work.

EXAMINATIONS

Entrance. Students who cannot present a certificate from an accredited school showing that they have completed the requirements for entrance to the College will be given entrance examinations on September 22 and 23.

Regular. Regular examinations are held during the closing week of each quarter. In determining the standing of a student in any subject both the daily class work and the examination grade are considered.

Comprehensive. A comprehensive examination, mostly oral, is given each candidate for graduation during the last quarter of his residence. The examination covers all courses taken by the candidate in his major and minor subjects. The examining committee consists of the Dean as chairman, the major

professor and the minor professor. When the Dean is either the major or the minor professor, he will appoint the third member of the committee from the faculty.

Special. The lowest passing grade in all courses is D. A student who makes less than D on any course is permitted one special examination. Failing to pass the special examination, he is required to repeat the course. A fee of \$1.00 is charged for a special examination. A student wilfully absenting himself from a regular examination will be given a special examination only by permission of the faculty. Request for this privilege must be made in writing, the cause of absence specified, and a fee of one dollar paid.

No examination will be given on work that has not been taken regularly in class.

CHAPEL ATTENDANCE

A brief chapel service is held three times a week in the College auditorium. Attendance is compulsory. On Mondays and Fridays the president and members of the faculty have the responsibility for the exercises; on Wednesdays, the students.

CHURCH ATTENDANCE

All students are expected to attend Sunday school and at least one preaching service each Sunday. Participation in the work of young people's organizations in the churches of the city is also urged. Students are encouraged to attend religious services and take part in Christian work.

BOARDING PLACES

All boarding students are expected to live in the dormitories. Exceptions to this rule may be made by the Student Advisory Committee in cases of an exceptional character. In no case will men and women students be permitted to board at the same place.

Boarding places shall be approved by the Student Advisory Committee. Citizens of the community having students in their homes as roomers or boarders are expected to enforce such regulations governing students as are in effect in the college dormitories. Changes of boarding places or of rooms in the dormitories will not be made without the consent of the Dean of Women, in the case of girls, or of the Dean of Men, in the case of boys.

All boarding students, whether living in the dormitories or in private boarding places, must register in the office of the

President's secretary at the beginning of the session. If a change of room in the dormitory or of boarding place is made during the year, the President's secretary must be notified. If for any reason a student should discontinue his residence at a dormitory during the session, satisfactory settlement of his board and room rent must be made before permission is granted.

DORMITORY REGULATIONS

In the dormitories an effort is made to give the student the atmosphere of a well-ordered home. Of course, a few regulations are necessary. Students are expected to respect the rights of others, to be orderly in their habits, and to assist the College authorities in making the dormitories as home-like as possible. The Matron has immediate supervision of young women students, and one of the professors has charge of Epworth Hall, the dormitory for men.

DISCIPLINE

Lambuth College is an institution with Christian ideals. It seeks to take young men and women who have been brought up in Christian homes and continue their training. As far as possible only constructive methods of discipline will be employed. Students are expected to exercise self-restraint and to conduct themselves at all times as ladies and gentlemen. At the same time the College authorities throw every possible safe-guard around the students in order to make it easier for them to live right. Students who are addicted to loafing, drinking, gambling or other forms of immorality, are not permitted to remain in the College.

Hazing is strictly forbidden. Certain forms of freshman initiation are permitted. This initiation program is planned by a special committee of the Student-Body Association and is restricted to such activities as are prescribed by this committee and approved by the Student-Body Association and the college administration.

ATHLETICS

Athletics are under the supervision and control of the faculty and athletic director, and coaches are members of the teaching faculty.

Only bona fide students not on probation may participate in the match contests. No special inducements are given to obtain prospective athletes and every effort is made to keep the sports amateur.

Lambuth College is a charter member of the Mississippi Valley Conference.

PRE-PROFESSIONAL COURSES**PRE-MEDICAL COURSE**

The following course is suggested for students who are preparing to enter schools of medicine:

Freshman Year

| | |
|------------------------------------|------------------|
| Biological Science A (a, b, c), or | |
| Physical Science A (a, b, c)..... | 9 quarter hours |
| Social Science A (a, b, c), or | |
| Religion A (a, b, c)..... | 9 quarter hours |
| English 1 (a, b, c)..... | 9 quarter hours |
| Chemistry 2 (a, b, c)..... | 12 quarter hours |
| Biology 2 (a, b, c)..... | 12 quarter hours |

Sophomore Year

| | |
|------------------------------------|------------------|
| Biological Science A (a, b, c), or | |
| Physical Science A (a, b, c)..... | 9 quarter hours |
| Social Science A (a, b, c), or | |
| Religion A (a, b, c)..... | 9 quarter hours |
| Mathematics A (a, b, c) | 9 quarter hours |
| Chemistry 4 (a, b, c), or | |
| Chemistry 7 (a, b, c)..... | 12 quarter hours |
| French 1 (a, b, c)..... | 9 quarter hours |

Junior Year

| | |
|---|------------------|
| Physics 1 (a, b, c)..... | 12 quarter hours |
| Biology 10 (a, b, c)..... | 9 quarter hours |
| Chemistry 4 (a, b, c), or Chemistry 7 (a, b, c).... | 12 quarter hours |
| Electives | 18 quarter hours |

If the student wishes to meet the requirements for graduation by taking three years pre-medical work and one year of medicine, he should have his program worked out carefully after the freshman year. There should be no deviation from the above program for the freshman year.

PRE-ENGINEERING COURSE

The following course is suggested for students who are preparing to enter schools of engineering:

Freshman Year

| | |
|------------------------------------|------------------|
| Chemistry 2 (a, b, c)..... | 12 quarter hours |
| Mathematics 1, 2, 3 | 15 quarter hours |
| English 1 (a, b, c) | 9 quarter hours |
| Biological Science A (a, b, c), or | |
| Social Science A (a, b, c)..... | 9 quarter hours |

Sophomore Year

| | |
|---|------------------|
| Mathematics 5 (a, b, c)..... | 12 quarter hours |
| Physics 1 (a, b, c)..... | 12 quarter hours |
| Chemistry 4 (a, b, c), or 7 (a, b, c)..... | 12 quarter hours |
| Social Science A (a, b, c), or Biological Science A (a, b, c)..... | 9 quarter hours |

Junior Year

| | |
|-----------------------------------|------------------|
| English 2 (a, b, c)..... | 9 quarter hours |
| Physical Science A (a, b, c)..... | 9 quarter hours |
| Religion A (a, b, c)..... | 9 quarter hours |
| Electives | 21 quarter hours |

If the student wishes to meet the requirements for graduation by taking three years of pre-engineering work and one year in an engineering school, he should have his program worked out carefully after the freshman year. There should be no deviation from the above program for the first year.

PRE-LAW COURSE

The following courses are suggested for students interested in the study of Law:

History 2, 3, 4, 12 and 25; Economics 1; Sociology 1; and Political Science 1 and 2.

ALL-COLLEGE SOCIAL PROGRAM

An all-college social program is planned and carried out by a joint committee of the students and the faculty. The purpose of this program is to promote unity and good will in the college community as a whole.

STUDENT ORGANIZATIONS

Certain forms of extra-curricular student organizations are maintained and promoted in the college. The college recognizes that there is an important phase of a liberal education which can come only through activities outside the classroom. The following associations and clubs are officially recognized by the college.

Student Body Association. This is an organization of the entire student body, which aims especially at fostering college spirit, and through which the students act collectively in all their college relations.

The Honor Society. The purpose of this organization is to promote scholarship in the college. Its membership is re-

cruated from those students who are on the honor roll for as many as three successive quarters.

Womack Debating Club. The purpose of this organization is to aid students in learning, through study and practice, the fundamentals of debating; and to furnish debaters for inter-collegiate contests.

The Ministerial Brotherhood Club. This club is composed of the ministerial students of the College. Its purpose is to cultivate a closer fellowship and to study and discuss problems of especial interest to the prospective ministers.

The Student Volunteers. This is a chapter of an international organization that aims to provide training and fellowship for students who desire to be missionaries.

Dramatic Club. The purpose of this organization is to give those students who have ability in dramatic work an opportunity to cultivate this talent and gain poise and self-confidence in public appearances.

The French Club. This club is composed of those French students who are especially interested in acquiring a speaking knowledge of the French language and cultivating a more cultural acquaintance with French customs and literature.

The Glee Club. This organization is composed of students in the class of Music Appreciation. During the past session the Glee Club has rendered programs in numerous churches and before various organizations over the conference in addition to local concerts.

The Home Economics Club. This club is composed of those Home Economics students who are especially interested in Home Economics education. The aims of the club are to stimulate an interest in home making, establish ideals as to the importance of the home-making job, and develop an appreciation of home life in the minds of the students, so that they may become leaders in home and community life.

Social Clubs. There are six recognized social clubs in the College, each under the general supervision of a faculty adviser, chosen by the club and approved by the Student Advisory Committee. The advisers, officers and members of these organizations are required to conduct their affairs in keeping with a few faculty regulations. No club shall assess dues of more than \$1.50 a quarter nor adopt a pin that costs more than \$10.00. Each club shall have the privilege of a room for its meetings as long as it is convenient for the College to provide it. It is understood and agreed that a student's loyalty to his club shall be subordinate to his loyalty to Lambuth College.

Any tendency of club groups to destroy the unity of the College community will not be tolerated by college authorities.

Students desiring to organize a new club shall present their petition to the Student Advisory Committee of the faculty with the signature of all charter members. If approval is secured, the new club may operate a year on probation. If at the end of this time it is found in good standing, it shall be entitled to the full privileges of Lambuth College clubs.

Organizations and clubs not complying with the regulations for extra-curricular activities are not permitted to operate in the College.

STUDENT PUBLICATIONS

The Lambuth Vision. The Lambuth Vision is the college newspaper. It is published monthly by a staff elected by the students.

The Lantern. The Lantern is the college annual. The first issue of this publication appeared in 1927. It is managed jointly by the administration and the students.

THE LIBRARY

A small, but carefully selected, library has been built up since the college opened. New books are being constantly added. All the books have been catalogued by a trained librarian. More than twenty of the best magazines come regularly to the reading room.

LABORATORIES

The laboratories are well equipped to do standard college work. The biological laboratory is equipped with the best quality oak tables with swinging, adjustable stools. Water and gas connections are conveniently arranged. Microscopes and other equipment are of first grade and ample for courses offered.

The chemical laboratory is equipped with modern tables, fume hood with direct air current, balances and complete apparatus for courses offered. Water and gas connections are made with the city.

The physics laboratory is equipped with tables and apparatus for use in experiments. It also has water and gas connections.

Modern equipment for work in home economics has also been installed. There are laboratories for work in both foods and clothing.

PERSONNEL WORK AND STUDENT COUNSELING

The College makes a special effort to know the personal problems and individual traits of each student and to use this information in counseling him. The college authorities believe that close personal contacts with teachers of character, personality and training mean much to the developing life of a college student. The dean of the college, the dean of men and the dean of women give considerable time to the consideration of the personal problems of the students. Each teacher also serves as counselor to a small group of students.

DEPARTMENTS OF INSTRUCTION

BIOLOGY

PROFESSOR OXLEY

The courses of this department are intended to give an increased appreciation of life and to serve as a basis for further work, such as medicine, agriculture, home economics, teaching and graduate study.

A. (a, b, c) **Introduction to the Biological Sciences.** This course will extend the concepts built upon the order of the physical universe into the living world and show how an understanding of life processes and principles may enable man to relate himself more effectively to the world in which he lives. Required during the freshman or the sophomore year. Three hours a week throughout the year. Credit, nine quarter hours. In addition to this course and Physical Science A, a student is expected to present for graduation not less than eighteen hours of credit in the sciences.

1. (a, b, c) **General Botany.** Throughout the year. Credit, twelve quarter hours. Not offered in 1937-1938.

2. (a, b, c) **General Zoology.** The principles of animal biology are studied as illustrated by study of the frog as a typical vertebrate and a survey of other representative animals. Throughout the year. Open to all students. Credit, twelve quarter hours.

3. (a, b, c) **Human Physiology and Hygiene.** This course is designed to promote health by study of the normal body and mind. Throughout the year. Credit, six quarter hours.

8. **Trees.** A course dealing with the identification, uses, distribution and ecology of our local shade and forest trees. Some time is spent on the many phases of forestry as they touch our lives. Spring quarter. Credit, three quarter hours. Not offered in 1937-1938.

10. (a, b, c) **Principles of Modern Biology.** Especially for teachers and other leaders. Heredity and eugenics and related problems are the basis of this course. Open to juniors and seniors, or, by permission of the instructor, to those having Biology 1 (a, b, c) or Biology 2 (a, b, c). Throughout the year. Credit, nine quarter hours.

11. (a, b, c) **Vertebrate Zoology.** A series of vertebrates will be studied with greater emphasis upon the mammal. Pre-medical students should elect this course. Prerequisite: Biology 2 (a, b, c). Throughout the year. Credit, six quarter hours.

14. **Introduction to Plant Ecology.** Spring quarter. Credit, three quarter hours. Not offered in 1937-1938.

BUSINESS ADMINISTRATION

PROFESSOR FAIRMAN

A major for men students in this department should include courses 1, 3, 10, and 15; for women students, courses 3, 10, 18, and 20. Students working toward a Certificate in Business are required to take courses 3, 10, 15, 17 or elective, 18 and 20.

1. **Introduction to Business.** A survey course presenting the many problems in organizing and conducting a business, such as organization, location, finance, sale of product and management of labor. Three hours a week, fall quarter. Credit, three quarter hours.

RELIGION

Professor WALKER

ASSISTANT PROFESSOR THOMAS

Since the opening of Lambuth College in 1924, the Department of Religion has followed largely the recommendations of the Boards of the Methodist Episcopal Church, South. During the year 1935-1936, we brought the courses into line with the latest recommendations of the General Board of Christian Education. The department is concentrating on fewer and stronger courses. The courses are broadly cultural.

The aim of the department is to help every student to be a more intelligent and useful Christian.

A. (a, b, c) **Introduction to the Christian Religion.** This course centers in the life and teachings of Jesus, with the purpose of applying His principles to every phase of individual and social living. The teachings of the prophets will be given as a background. The aim is to help each student in the largest Christian living and thinking possible to him. Three hours a week throughout the year. Credit, nine quarter hours. Required in the freshman or the sophomore year.
